

September 3rd 2021

*"No one expected me. Everything awaited me" Patti Smith*

*The spirit goes on...*

*Hello dear friends of Kärlingesund Gård. We are Sibylle and Andrea from Switzerland and we are the new caretakers of Kärlingesund Retreat Center starting from January 2022.*

*We are coming from the Swiss mountains to live in the beauty of this nature reserve by the sea. Not only to start a new life and commitment, but to continue the vision of Åsa and Kåre, which they have created and made visible here in Kärlingesund Gård in the past few years.*

*Kärlingesund Retreat Center will remain your favourite course location in the way you know and love it.*

*With the personal support of Åsa and her team, now and during 2022 we can guarantee you a mindful and creative year of transition.*

*We are happy to host Åsa's and Kåre's Workshops as usual.*

*Kärlingesund Retreat Center welcomes new teachers and students for new courses in the area of personal development, spirituality and art.*

*For people in need or wish of any personal or professional Timeout we will assist you personally to create the appropriate setting.*

*We want Kärlingesund Gård to become an open place and home for exchanging ancient and present knowledge and experience. A place so deeply protected and nurtured by its powerful nature will be the soil for physical and mental growth and help to create a sustainable and responsible contribution to our local & worldwide community.*

*If you know teachers you would recommend Kärlingesund to be their perfect location please let them know, as mouth to mouth recommendation is the best and makes sure the right people come together.*

*During retreat free periods we welcome mindful guests to spend their holidays or to host your private events here and enjoy Kärlingesund Gård as much as we do.*

*You have something to share or wish for, then please contact us directly by mail*

*[info@karlingesundretreatcenter.se](mailto:info@karlingesundretreatcenter.se)*

*You can subscribe for our newsletter or follow us on social media.*

*We are currently working on the Swedish and German version of the website.*

*So dear friends of Kärlingesundsgård, please spread the word to your community, leaders and friends.*

*We are very much looking forward to meet you here next year and sharing this beautiful and inspiring place with you.*

*Warm greetings*

*Varma Hälsningar*

*Your new hosts*

*Andrea & Sibylle*
